have made an invention comprising new and useful improvements in ANTIFUNGAL ORAL DOSAGE FORMS AND THE METHODS FOR PREPARATION, for which a patent application for letters patent of the United States of America and other countries, was filed on February 19, 2004 as patent Application Serial No. 10/781, 997, and as International Application No. PCT/US04/007669 on March 11, 2004, and

WHEREAS GLENMARK PHARMACEUTICALS LTD., having a place of business at B/2, Mahalaxmi Chambers, 22, Bhulabhai Desai Road, Mumbai, India 400026, and who, together with its successors and assigns, is hereinafter called "Assignee," is desirous of acquiring the title, rights, benefits, and privileges in the patent application hereinafter recited,

NOW, THEREFORE, for good and valuable consideration furnished by assignee to us, receipt and sufficiency of which I hereby acknowledge, I hereby, without reservations:

1. Assign, transfer, and convey to Assignee the entire right, title, and interest in and to said invention, said patent application for Letters patent of the United States of America, any and all other applications for letter patent on said invention in any and all countries, including all divisional, renewal, substitute, continuation, and convention applications based in whole or in part upon said invention, or upon said patent application, and any and all Letters patent, reissues, and extensions of letters patent granted for said invention or upon said patent application, and every priority right that is or may be predicted upon or arise from said invention, said patent application, and said Letters Patent(s)

2. Authorised Assignee to file the patent application in any or all countries for said invention in our name or in the name of Assignee or otherwise as Assignee may deem advisable, under as International Convention or otherwise.

3. Authorised and request the Commissioner of patents and Trademarks of the United States of America and the empowered officials of all other governments to issue or transfer all said letters patent to Assignee, as Assignee of the entire rights, title, and interest therein or otherwise as Assignee may direct.

4. Warrant that we have not conveyed to others any rights, title, and interest of the said invention, patent application, or patents or any license to use the same or to make, use, or sell anything embodying or utilizing any of said invention; that we have good right to assign the same to Assignee without encumbrance; and that we are aware of no claim to the contrary.

5. Bind our heirs, legal representatives, and assigns, as well as ourselves to do, upon Assigners request and at Assigner's expense, but without additional consideration to us or them, all acts reasonably serving to assure that the said inventions and discoveries, the said patent applications, and the said Letters Patent shall be held and enjoyed by us, our heirs, legal representatives, and assigns if this assignment had not been made; and particularly to execute and deliver to Assignee all lawful application documents including petitions, specifications, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be requested by assignee; to communicate to assignee all facts known to us relating to said inventions and discoveries or the history thereof; to furnish Assignee with any and all documents, photographs, models, samples, and other physical exhibits in our control or in the control of our heirs, legal representatives, or assigns which may be useful for establishing the facts of our conceptions, disclosures, and reduction to practice of said inventions and discoveries; and to testify to the same in any interference, arbitration, or litigation.
